

SNOWDROPS AT NYMANS

Mid-morning, we make our way to Handcross to visit Nymans, Snowdrops offer the first tantalising taste of spring and few sights are more stirring than seeing these pure white flowers dotted all around the garden. They elegantly occupy Nymans lawns from January to March, followed by the lesser-known snowflake. Spot clutches of this delicate emblem of spring all around the garden. Gardeners and volunteers begin the task of planting thousands of bulbs to naturalise in the lawns around the garden. This included a thousand snowflakes and over a thousand snowdrops, bulking up existing groups of *Galanthus nivalis*, *Galanthus nivalis* 'Viridapice' and *Galanthus elwesii*. You'll find the best snowdrops in the Wall Garden and Top Garden but look out for them in other spots too.
