

# AMBERLEY MUSEUM

Located in the heart of the South Downs national park, the museum is dedicated to preserving the industrial heritage of the South East. With 36 acres to explore and over 40 exhibits to visit, you can discover the South's working past. Exhibits include a working print shop, which is the only one of its kind in the South of England. The BT Connected Earth exhibit shows the history of communications, with interactive displays for all ages to enjoy. Our lime kilns are scheduled ancient monuments, which date back to when the site was once a working chalk quarry. The Life of Lime exhibition shows the history of the chalk quarry and its importance in Sussex's industrial working past. The Museum is also home to traditional crafts people such as the blacksmith..
